TO THE COURT AND ALL PARTIES AND THEIR COUNSEL:

PLEASE TAKE NOTICE that pursuant to Local Rule 3-12, Plaintiffs in the above-captioned matters believe that these actions may be related to the following case pending in the United States District Court, Northern District of California before the Honorable James Ware: <u>Lane, et al. v. Facebook, et al.</u>, Case No. C08-CV-3845.

Civil Local Rule 3-12 provides the applicable standard: "An action is related to another when: (1) The actions concern substantially the same parties, property, transaction or event; and (2) It appears likely that there will be an unduly burdensome duplication of labor and expense or conflicting results if the cases are conducted before different Judges." Both criteria are met here.

The above-captioned cases are related to <u>Lane</u> because they involve substantially the same parties and concern common legal issues of privacy created by the common defendant, Facebook, Inc. *See* Civ. L.R. 3-12(a)(1). The <u>Lane</u> matter involves discrete privacy issues from an earlier time. The instant cases are about privacy issues as well, but the issues raised therein are more recent. If the cases are conducted before different judges, there will likely be a burdensome duplication of labor and expense that could be avoided. *See* Civ. L.R. 3-12(a)(2). Also, counsel for Facebook in both actions is the same. This motion is made for the convenience of the Court and does not affect the parties to the <u>Lane</u> matter because that case is in settlement mode. Declaration of David N. Lake, ¶ 2.

Counsel for the parties in the above-captioned cases have conferred, and the parties are in agreement that the <u>Markowitz</u> action should be consolidated with the <u>Silverstri</u> action for all purposes because the cases involve similar complaints and common questions of law or fact, and because consolidation would advance the interests of judicial economy. To this end, the parties, through their respective counsel, have signed and submitted a stipulation and proposed order requesting
